INDOOR PLANTS

The native plants in this list are suitable for use as indoor plants in reasonable well-lit rooms. It is recommended that plants are regularly taken outside for brief periods, and are given adequate water and slow-release fertiliser (specifically formulated for native plants). Indoor plants need to be routinely checked for pests and diseases, and regular pruning is recommended for most shrub species.

Acmena smithii

Alpinia caerulea

Anigozanthos flavidus

Austromyrtus dulcis

Backhousia citriodora

Brachychiton acerifolius

Brachychiton discolor

Brachychiton populneus

Brachychiton rupestris

Brachychiton formosa

Brachyscome multifida (forms)

Casuarina obesa

Ceratopetalum gummiferum

Correa 'Marians Marvel'

Correa species

Corymbia ficifolia

Crowea saligna

Davidsonia pruriens

Dianella longifolia

Dianella revoluta

Doryanthes excelsa

Elaeocarpus reticulatus

Eriostemon myoporoides

Eriostemon nodiflorus

Eucalyptus cordata

Eucalyptus crenulata

Eucalyptus crucis

Eucalyptus globulus (forms)

Eucalyptus gunnii

Eucalyptus kruseana

Eucalyptus macrocarpa

Eucalyptus perriniana

Eucalyptus pulverulenta

Eucalyptus rhodantha

Grevillea banksii

Grevillea robusta

Hymenosporum flavum

Lomandra longifolia

Orthrosanthos multiflorus

Pandorea pandorana

Podocarpus elatus

Restio tetraphyllus

Restio tremulus

Sollya heterophylla

Stenocarpus sinuatus

Syzygium australe

Toona ciliata

Viola hederacea
